Dear Friend of Huntington Park,

As a potential major contributor to the replacement of the Children's Playground, it is my pleasure to provide you with the following information under the San Francisco Recreation and Parks Naming Policy Directives.

A major contributor is identified as someone that has underwritten more than 50% of a given project cost. In the case of the Huntington Park Children's Playground, in development for over 6 years, the total cost is estimated at \$350,000 and we expect to start construction in April, 2014 and finish by July 2014.

The Nob Hill Foundation is a recognized 501 c (3) public benefit corporation that offers obvious tax advantages. Your donation of \$175,000 is eligible for important tax deductions (consult your tax advisor) and is recognized as a charitable contribution for federal income tax purposes.

If you commit to underwriting the Children's Playground project, we will work with staff at Rec and Park and bring forward a recommendation to the San Francisco Recreation and Parks Commission to name the Children's Playground as per your reasonable request. I've attached an example of a recent naming in Golden Gate Park. SFRPD does require that the gift be fully funded prior to going to Commission with the Recommendation.

If you have an interest in pursuing this avenue of charitable investment and betterment of our beautiful park, please feel free to contact either the undersigned, or any of the wonderful people on the fund-raising committee: Sandra Assar, Christina Deeb or Barbara Mount.

Sincerely

Greg Galanos
